

Huntington Beach Union High School District
Standardized Testing and Reporting Program (STAR) 2002-03

CAT/6 Norm Referenced Test Results for Spring '03

Score averages are presented as Percentile Ranks (1 = low, 99 = high)

Beginning in the 2002-03 school year the STAR program requires all students in grades 9-11 to participate in the norm referenced California Achievement Tests, Sixth Edition (CAT/6) and the California Standards Tests.

The national percentile rank indicates the relative standing of an average student in comparison to students in the same grade in a national sample. The average percentile rank nationally is at the 50th percentile rank.
